

Meet Some of Mercy's Student Leaders

The Office of Campus Life is excited to bring unique and fun experiences to our students both on- and off-campus. We are providing leadership and social opportunities to help students transition into college as well as learn new skills. From school traditions like Founders' Festival and Stress Less Week to off-campus trips to Broadway shows and sporting events, there's a robust calendar of events for everyone. We also love to keep our students engaged with opportunities to give back to their community. These initiatives include volunteer opportunities, fundraising with clubs and learning to be a little greener. Meet some of our outstanding student leaders...

Jamacia Bentick '22

Major: Behavioral Science
Bronx Campus

I am a Caribbean dance teacher and part of the Mercy Mayhem Dance Team at the Bronx Campus. One thing I love about Mercy College is that the staff and faculty always try to make the campus fun for the students and find ways for us to connect with one another through contests, events and giveaways. I'm also grateful that the faculty and staff are always willing to help students with their resumes and help them know how to search for jobs. My favorite experience this year is working at the Office of Campus Life in the Bronx, where I assist with the planning and implementation of events at the Bronx Campus. I am proud to have helped create a new Bronx tradition called Black Beauties, a Black History Month event revolving around skin care and make-up tutorials. I am also a welcome desk attendant for the office and get to be the first face visitors see in Campus Life at the Bronx.

Major: Communications
MercyManhattan Campus

As a freshman, I have met so many interesting students and faculty. That's one thing I love about Mercy—I'm always meeting new people, from commuters to international students. I am looking forward to joining more clubs and student organizations next year, or maybe even creating one myself!

Eli Hunter '23

Major: Video and Film Production
Dobbs Ferry Campus

I am President/Captain of the Step team "Prestigious Divas." I have had a great experience at Mercy so far. The school is very student-oriented and makes sure the students get any type of support they may need. I appreciate attending a school that puts their students' needs first and supports them in any way they can. I would describe Mercy as encouraging, accommodating and scholarly.

Maria (Nana) Garcia '22

Major: Bio/Pre-med
Dobbs Ferry Campus

I am a third-year Resident Assistant in Founders' Hall and an administrative assistant for the Office of Campus Life. I am a member of the Association for Latin American Students (ALAS). Mercy has made me feel like I am in a safe space and open to talk about anything without being judged. I was able to come out of my shell more and be more open to new things and have always felt welcomed by others. My favorite part of this year is seeing people back on campus. Walking into the Hudson Commuter Lounge and seeing the seats filled up with people studying or hanging out was really refreshing after being online for a year.
